

PROFILE

Aspiring IT professional currently pursuing a Bachelor's degree in Information Technology, with a keen interest in software development and data analysis. Skilled in programming with Java and Python, and experienced in developing small-scale projects demonstrated through academic assignments and personal initiatives. Actively seeking an internship where I can leverage my problem-solving abilities and technical skills to contribute to real-world projects, while continuing to learn and grow in a supportive team environment. Passionate about staying at the forefront of technology trends and applying my knowledge to create innovative solutions.
